

# November

## IN YOUR GARDEN

This month offers garden abundance as spring moves into summer. The days are getting longer which gives gardeners more time to enjoy their home patch.

Tomatoes are growing quickly so need staking, regular deep watering and feeding with Tui Tomato Food.

## Kitchen Garden

Feed all citrus trees with Tui Citrus Food and fruit trees with Tui Enrich Fruit, Citrus, Tree & Shrub Controlled Release fertiliser.

By planting basil next to your tomatoes you'll improve their flavour.

Plant a crop of seed potatoes in your garden or in a large tub or planter bag.

Place a layer of Tui Mulch & Feed around the base of your edibles and fruit trees to help conserve moisture.

Plant your favourite summer edibles now such as **TOMATOES, CUCUMBERS, EGGPLANT, LETTUCE, SWEET CORN, SPRING ONIONS, WATERMELON AND CELERY.**

Sow your favourite seeds directly into the garden such as **PUMPKIN, COURGETTES, PARSNIP AND RADISH.** For continuous harvesting sow at two to three weekly intervals.

Cabbage, capsicum and leeks can be sown in trays for transplanting later.

Passionfruit plants now available in store!

We've been helping kiwi's grow great gardens since our humble beginnings in 1912. Still proudly New Zealand owned by locals in your community, Palmers is the place to be for all things gardening.

IN YOUR GARDEN

Install in-ground watering systems for economical summer watering.

Attract butterflies to your garden with Swan Plants - now available in store!

Plant your favourite summer flowering annual seedlings, such as Lobelia, Impatiens, Larkspur, Portulaca, Phlox and many more.

All Chrysanthemums and Dahlias can now be planted.

Place a layer of Tui Mulch & Feed around the base of your perennials, trees and shrubs to help conserve moisture and suppress weeds

Plant water lilies and other pond plants.

Plant new season's Hibiscus plants for a tropical flavour in your garden.

Side dress roses with Tui Rose Food. A layer of Tui Mulch & Feed around the base will help retain soil moisture over summer.

## Container Gardening

Plants in pots dry out quicker than those in the ground so water all plants in pots daily. Feed with Tui Organic Seaweed Plant Tonic weekly to keep them healthy.

Plant hanging baskets and terracotta pots with flowers for summer.

## Lawns

For a lush green lawn apply Tui Lawn Force when rain is due or water it in with a sprinkler.

All our plants are of the highest quality, but if something fails to grow in your garden, we'll simply replace it for you - that's our Palmers Promise.
